Anjum Mart

Marketing Plan: pehle 90 din

Premium watches aur jewellery, affordable prices par, poore Pakistan mein free delivery.

Tayyar: 18 October 2026 | anjummart.com | Is plan mein jahan "andaza" likha hai wahan number meri raye hai, apni market aur costs ke hisab se badal lein.

1. Aaj ki position (jo store mein sach mein hai)

12	10	Rs 0	COD
products, sab in stock	pieces har product ke (120 total)	delivery, poore Pakistan mein	Cash on Delivery available

Category	Products	Price	Agar sab bik jayein
Men's watches (RUSTET)	6	Rs 3,999	Rs 239,940
Ladies' watches (MOONSTON)	4	Rs 2,999 (3 models), Rs 2,499 (1 model)	Rs 114,960
Jewellery sets	2	Rs 1,999	Rs 39,980
Total	**12**		**Rs 394,880** (costs se pehle)

Policy: koi return nahi, lekin damaged ya galat item 48 ghante ke andar report karne par replace hota hai. Ye baat har jagah (website, ads, WhatsApp) saaf likhi rahe, taake baad mein jhagra na ho.

> **Is stage ka asli maqsad:** pehle 120 pieces ko sahi tareeqe se bechna, pehle 20 se 30 asli customers ki tasveerein aur reviews lena (inhe sirf unki ijazat se use karein), aur ye seekhna ke kaun sa product, kaun sa video aur kaun sa shehar sab se behtar chalta hai. Bari ad spending uske baad.

2. Brand aur logo: profile ke liye kya chalega

Profile picture

Facebook, Instagram aur TikTok teeno par ek hi picture lagayein: kaali background wala (dark) logo. Wajah: store ki black, gold aur cream theme se bilkul match karta hai, gol crop mein bhi poora logo aata hai, chhote size par bhi "Anjum Mart" saaf parha jata hai, aur gold aur safed rang kaali background par sab se zyada nazar aate hain.

Safed background wala (light) logo sirf doosri jagahon ke liye: Instagram Highlights ke covers, safed ads ya poster, invoice ya packaging card.

Rang aur font

Black #111111 Gold #D4AF37 Deep gold #8A6A12 Cream #F8F7F4

Font: heading ke liye **Cormorant**, baqi text ke liye **Jost** (dono Canva mein free hain). Har post par ek hi style rakhein: kaali ya cream background, gold accent, bohat kam text.

Bio (copy karke lagayein; apna WhatsApp number aur handle khud likhein)

Username teeno par ek jaisa rakhne ki koshish karein (jaise anjummart). Pehle check karein ke available hai; main koi handle apni taraf se nahi bana sakta.

3. Kis ko bechna hai

Customer	Kya chahiye	Kya dikhayein
Mard, 22 se 40 saal	Office aur roz ke liye achi dikhne wali watch, ya gift	Wrist par close-up video, dial ka rang, "Rs 3,999, free delivery, COD"
Khawateen, 20 se 35 saal	Stylish ladies watch, gift dene ke liye	Crystal aur rose-gold detail, gift box, "Rs 2,499 se"
Dulhan aur unka khandan	Shaadi ke liye jewellery set	Set ki poori tasveer (necklace, earrings, tikka), outfit ke saath
Gift lene wale (shauhar, beta, dost)	Jaldi faisla, bharosa	COD, free delivery, asaan WhatsApp se order

Mausam (andaza): October se February tak shaadiyon ka season hota hai, to jewellery sets abhi sab se pehle push karein. Aage Valentine's Day (14 Feb), Ramzan aur Eid 2027 (taqreeban Feb aur March 2027, chand ke hisab se) gifting ka bara mauqa hain; in se 2 se 3 hafte pehle campaign shuru karein.

4. Launch se pehle (is hafte)

☐ Naya theme **"Anjum Mart Champagne Final"** publish karein, phir ek phone par poora order test karein (cart se checkout tak, COD).

☐ Storefront password hata dein (agar laga hai). Order #1005 ka confirmation email check karein.

☐ Policies Shopify Settings mein paste karein (Shipping, Return/Refund, Terms) aur Privacy policy ki contact line theek karein.

☐ Facebook & Instagram sales channel install karein (Meta Pixel aur Conversions API ke liye) aur Events Manager mein ek test Purchase dekhein. **Ye ads se pehle zaroori hai.**

☐ Google & YouTube channel install karein, Search Console verify karein, sitemap submit karein: anjummart.com/sitemap.xml

☐ Teeno profiles naye logo, bio aur website link ke saath tayyar. WhatsApp Business app mein catalog aur quick replies (price, delivery, COD, replacement policy).

☐ Courier chunein aur COD rates, pickup aur parcel ki tracking ka tareeqa pakka karein. Free delivery ka matlab courier ka kharcha aap ki margin mein hai.

☐ Packaging: saaf box, gift ke liye achi presentation, ek chhota "thank you" card jis par WhatsApp number ho.

☐ Website par Instagram, Facebook aur TikTok ke links lagwayein (Theme settings, Social media). Links bhej dein, main laga dunga.

5. Channel plan

WhatsApp (sab se zyada orders yahin se aayenge)

- Har product ka WhatsApp Business catalog; har inquiry ka jawab jaldi (pehle ghante mein) aur ek hi lehje mein.
- Broadcast sirf unhein jinhon ne khud ijazat di ho. Roz status par ek product ya ek customer ki tasveer (ijazat se).
- **Har COD order ki confirmation:** order aate hi call ya WhatsApp par address aur number confirm karein, phir dispatch. Isse jhoote aur galat orders aur wapas aane wale parcels kam hote hain.

Instagram aur Facebook

- Hafte mein 4 se 5 posts: 2 Reels, 1 carousel (product aur price), 1 customer ya unboxing post, roz Stories.
- Highlights: Men, Ladies, Jewellery, Delivery aur COD, Replacement policy, Customer photos.
- Bio mein link anjummart.com; har post ke caption mein price, "free delivery all over Pakistan" aur order ka tareeqa.

TikTok

- Hafte mein 5 se 7 chhoti videos (15 se 30 second): wrist shot, dial close-up, packing, unboxing, "Rs 3,999 mein ye watch", jewellery set outfit ke saath.
- Business account par sirf commercial-use wali music istemal karein (TikTok ki Commercial Music Library).

Google

- Search Console connect karein; products Google par aane mein waqt lagta hai. Free listings ke liye Merchant Center baad mein, jab pixel aur policies theek hon.

Creators (micro influencers)

- Chhote creators (apni audience wale, 5,000 se 50,000 followers) ko product de kar video karwayein. Har sponsored video mein #ad ya "paid partnership" label lagana zaroori hai. Stock sirf 10 pieces har model ka hai, is liye ek waqt mein 2 se 3 creators se zyada na karein.

6. 30 din ka content calendar

Hafta	Theme	Kya post karein
Hafta 1	Grand opening	Naye logo ke saath announcement; 12 products ka reel (har ek 2 second); "Free delivery + COD" explainer; Men / Ladies / Jewellery teen alag posts; Stories mein order ka tareeqa.
Hafta 2	Product stories	Har RUSTET model par ek wrist video; MOONSTON black crystal-flower aur rose-gold ki close-up; jewellery sets ki outfit ke saath video; packing ki jhalak.
Hafta 3	Bharosa	Pehle customers ki asli tasveerein aur feedback (ijazat se); delivery ka safar (order se darwaze tak); "replacement policy" saaf alfaaz mein; FAQ reel.
Hafta 4	Gifting aur shaadi	"Shaadi ke liye jewellery set" aur "gift ke liye watch" guides; kaunsi watch kis kapde ke saath; dulhan ke liye set ki styling.

Har video ki 3 line ki banawat: pehle 2 second mein product dikhayein (hook), phir ek khaas cheez (dial, crystal, set), akhir mein "Rs ..., free delivery, COD. Order: anjummart.com ya WhatsApp".

7. Paid ads (Meta: Facebook aur Instagram)

> **Shart:** ads sirf tab chalayein jab pixel lag chuka ho, test order ho chuka ho aur policies Shopify mein paste ho chuki hon. Warna paisa zaya hota hai aur account bhi limit ho sakta hai.

Pehle 7 din: test

- **Campaign:** Sales (Purchase). Teen ad sets: Men's watches, Ladies' watches, Jewellery sets. Har ad set mein 2 se 3 creatives (video ya carousel).
- **Audience:** poora Pakistan, umar 18 se 45, broad. Jewellery ke liye khawateen. Pehle interests mat barhayein; creative ko kaam karne dein.
- **Budget (andaza):** Rs 1,000 se 1,500 roz poore test ke liye. Yani 7 din mein taqreeban Rs 7,000 se 10,500.
- **Landing:** sidha product page ya collection page, home page nahi.

Faisle ka usool

Soorat	Kya karein
Ad ne ek product ki qeemat se 2 guna kharch kar liya (jaise Rs 8,000) aur ek bhi order nahi	Ad band karein; creative badlein (naya video, naya hook). Product ya price ko doshi tab thehrayein jab 2 se 3 creatives fail hon.
Order aa rahe hain aur ek order ka ad kharch (CPA) munafe se kam hai	Budget har 2 se 3 din mein 20% barhayein, ek hi baar mein double na karein.
Click bohat, add to cart kam	Product page, price ya tasveer par kaam karein.
Add to cart bohat, order kam	WhatsApp support aur checkout ka tareeqa dekhein; COD par bharosa dilayein.

> **Apna munafa kaise nikalein (zaroor karein):** Selling price – product ki cost – courier (free delivery ki wajah se aap dete hain) – packaging – wapas aane wale parcels ka hissa = ek order ka munafa. Ads ka kharch uss munafe se kam rehna chahiye. Ye numbers sirf aap ke paas hain; mujhe bhej dein to main product-wise break-even nikal dunga.

Budget ke teen darje (andaza, promise nahi)

Darja	Ads / roz	Ads / mahina	Saath mein kya
Chhota	Rs 1,000	Rs 30,000	Organic content + WhatsApp; ek hi campaign
Darmiyana	Rs 2,000	Rs 60,000	2 campaigns (watches, jewellery) + retargeting
Tez	Rs 3,500	Rs 105,000	Creators, retargeting, naya stock

Stock sirf 120 pieces hai: bohat tez ads se stock jaldi khatam ho sakta hai. Kisi model ka stock kam ho to us ka ad band kar dein aur naya stock manga lein.

8. Offers: sach par mabni

- **Jo pehle se sach hai wahi bechein:** free delivery poore Pakistan, Cash on Delivery, 48 ghante mein damaged/galat item ka replacement. Ye teeno har ad aur post mein likhein.
- **Bundle (aap ki marzi, margin dekh kar):** jaise "couple set" (men's + ladies' watch) ya "watch + gift packaging". Qeemat bilkul asli ho; jhoote "pehle ki qeemat" ya "aaj hi last din" jaise dawe na karein jab tak wo sach na hon.
- **Stock ki baat:** "sirf X pieces bachay" tab likhein jab system mein sach mein itne hon. Nakli urgency na banayein.

9. Customer ka safar aur bharosa

1. **Order aaya** (website ya WhatsApp) → 1 se 2 ghante mein call ya WhatsApp par confirmation.
2. **Dispatch** → tracking number customer ko bhejein.
3. **Delivery ke baad** (2 se 3 din) → "kaisa laga?" ka message; khush customer se tasveer aur chhota review maangein, aur use post karne ki ijazat lein.
4. **Dobara khareedna** → 30 din baad naye arrivals ka message; jewellery khareedne walon ko watch aur watch walon ko gift ka idea.

> **Kabhi na karein:** nakli reviews, nakli "abhi kisi ne khareeda" ya "X logon ne dekha" popups, doosron ki tasveerein ya videos apni batana, "100% original ya authentic" ka daawa jab tak saboot na ho, "return" ka wada jab policy mein return nahi hai. Ye customer ko dhoka hai, aur isse Meta ya Google ke ads reject ya account restrict ho sakte hain.

Store mein "Verified order" popup ka system maujood hai, magar wo sirf tab dikhata hai jab aap asli order (shehar, product, waqt) list mein daalein. Detail: docs/SOCIAL-PROOF.md.

10. Roz aur hafte ka kaam

Kab	Kya
Roz (30 min)	Naye orders confirm karein; WhatsApp aur DM ke jawab; 1 post ya Reel; 3 se 5 Stories; ads ka kharch aur orders ek nazar mein.
Hafte mein ek baar (1 ghanta)	Numbers dekhein (neeche), sab se behtar 2 videos ko dobara banayein, kamzor ad band, agle hafte ka calendar.
Mahine mein ek baar	Stock aur naye products ka faisla (sab se zyada bikne wale models ka stock barhayein), reviews ki tasveerein, budget ka jaiza.

Kin numbers ko dekhna hai

Number	Kahan se	Matlab
Visits aur kahan se aaye	Shopify Analytics	Kaun sa channel log la raha hai
Add to cart %, checkout %	Shopify Analytics	Website kahan par logon ko rok rahi hai
Orders aur conversion rate	Shopify	Mukhtasir sehat; shuruaat mein 1 se 3% aam samjha jata hai (andaza)
Ek order ka ad kharch (CPA)	Meta Ads Manager	Munafe se kam hona chahiye
COD confirm hone ka %, wapas aane ka %	Apki order sheet / courier	Asli munafa isi par tikta hai
WhatsApp inquiries se orders	Apni diary ya sheet	Sales team ki kaarkardagi

Links ko alag pehchannay ke liye bio aur ads ke links mein UTM lagayein, jaise anjummart.com/?utm_source=instagram&utm_medium=bio ya utm_source=tiktok, utm_source=facebook, utm_source=whatsapp.

7	Pehle hafte ka jaiza; agar sab theek ho to Meta ads ka test shuru karein (section 7).

Muddat	Maqsad

Ye plan rehnumai hai, guarantee nahi: natije qeemat, tasveer, video, shehar aur mausam par depend karte hain. Hafte ke numbers dekh kar isay badalte rahein.
